OCTOBER/NOVEMBER, 2007

Breaking news for VOICE Entertainment. On Sunday, Nov. 4<sup>th</sup> 2008, VOICE signed a contract allowing the full rights to the Russian produced movie called WATER.

Water is a 1 hr and 20 minute documentary about how human intentions not only change the structure of water, but how our thoughts can alter our environment. The movie won four 1<sup>st</sup> place awards in Europe.

- Best documentary Film of the year (TEFI 2006)
- Best camera work of TV documentary film (TEFI 2006)
- Best producer work of TV documentary film (TEFI 2006)
- Best popular Science film of 2006 (Laurel 2006)

The movie sold over 3 million copies in less than two years.

To add to the excitement, all of our in-house documentary films will be marketed overseas in Russia, Germany, Switzerland, Austria, Ukraine and most of Europe, by the producers of Water. They live in Moscow and have incredible contacts and ability to market our productions and they will handle the translating of all of our films to reach a broad market throughout Europe.

Voice Entertainment, will handle all manufacturing and distribution of the DVDs and WATER will soon be available on our website store.

Stay tuned, as we get closer to our feature film release, "THE VOICE" that is scheduled for January 2008.

THE VOICE is in the editing bay at this time. We are at the 1-hour point and will be complete by the end of December.

The movie is incredible, with Professor Robert Thurman (author of Tibetan Book of the Dead), Sri Sri Ravi Shankar, Dr. Jeffery Long (founder/director of the Near Death Institute), Dr. Gary Schwartz (ex-Yale Professor currently directing the largest consciousness lab in the USA), Dr. Roger Nelson (Global consciousness program), and dozens of people who were interviewed about dramatic spiritual experiences in their lives.

Hear Trance Medium, Summer Bacon and ex-electrical engineer turned spiritual worker/Angel communicator/author/public speaker, Ann Albers, in discussion about life, love and the Universe.

Our upcoming documentary film projects include:

- The Gifted Children of the World
- The Great Peace Keepers
- Open Heart Surgery
- Seers of the Ages
